

2018 Bible Reading Guide

WHY FOLLOW A READING PLAN? Because without a reading plan, most believers either do not read the Bible consistently, and even if they do, there are large sections that they never read. Think about it: if one read based on “where one feels led,” how often do people feel led to read the genealogies in 1 Chronicles? Or the prophet Micah? When one follows a plan, that covers the whole Bible, one will actually read the whole Bible.

Our Bible reading plan takes four years. Besides reading the whole Bible through once, you will read the Psalms twice; the Gospels three times; and Proverbs seven times! The pace is not over-bearing: usually ten chapters a week, or two on each of the five weekdays. **YOU CAN DO THIS!**

Those who want to read more, can read more! But at least when the congregation is reading together, we have something of God’s Word to talk about—together!

In addition to reading along with this plan, if you attend Grace Bible Church, we encourage you to read whatever portion of God’s Word that will be preached on the following Sunday (printed in the weekly church bulletin.)

This year the focus is on the Old Testament Major Prophets, the gospels, the Psalms—and of course Proverbs twice! Read, enjoy, encourage each other, and *“grow in grace and in the knowledge of our Lord and Savior, Jesus Christ.”*
